FOR IMMEDIATE RELEASE

STATE ROUTE 330 OPEN

San Bernardino County – Emergency repairs including installation of a rock fall drape were completed at noon today, April 4, 2006. State Route 330 is now open with no restrictions.

Approximately \$500,000 was spent to make repairs to an upper slope on the route located about one mile uphill from SR-30. Over the years, rainfall has caused the “sloughing” of rock and debris onto the highway. The decision to install a 100-foot high by 192-foot wide rock fall drape was made by Caltrans geologists. The drape acts as a catch basin for the debris and is similar to ones located on SR-138 (near Crestline) and SR-18 (The Narrows).

Caltrans thanks the local residents and businesses for their patience during the repairs. For updates on roadwork please go to our website at www.dot.ca.gov/dist8 and click on “Press Releases” or call (800) 383-4631 for information.
